

Dear Participating Employer Group:

As promised, attached is your 2015 Membership Report to assist you in fulfilling your required Section 6055 reporting to the IRS and Individuals. We have included a memo explaining the information contained in the report. We are only reporting information back to you that was received by you throughout the year. We ask that you review this memo thoroughly as it will likely answer any questions you have about the report. The xls format we are sending is the only format available. You may convert it into any format that fits your needs.

If you have questions about completing the IRS forms or individual forms please direct those questions to the payroll software company, legal or compliance vendor you are using to assist you in reporting properly to the IRS and Individuals.

Thank you.
